Summer Camp Program Descriptions for Ages 5-17

Alien Invaders: Campers will be space travelers this week as they journey from planet Earth in a spaceship they will design and build. Their mission: to identify invasive animal and plant species. Stand by for contact and welcome to planet Earth. *(Ages 6-8)*

Animal Antics: What are the animals up to? What's going on at the Zoo? It's fun with animal antics as we try to do what the animals do! Would you like to swing like a monkey or stretch like a snake? Then animal antics will be fun for you! *(Ages 5-6)*

Animal Explorations: From leopard whiskers to rhino horns, this exploration of animal adaptations will include real life science, up-close animal encounters, and a fact-finding mission to discover how animals live, survive, and adapt to our changing earth. *(Ages 13-17)*

Art Safari: Creative ideas will come to life as campers journey around the world on an imaginative art safari. Touch the fur of a mammal, feel the rasp of a reptile's scales, observe the beauty of bird feathers, and become an animal artist. *(Ages 6-8)*

Build a Zoo Workshop: How do Zoo Keepers create natural habitats in zoos? Observe firsthand what it takes to design a zoo and participate in creating your very own. Learn why zoos play such an important role in saving animals around the world. *(Ages 6-12)*

Cryptozoology: The study of and search for legendary animals in order to evaluate the possibility of their existence... Bigfoot, the chupacabra, Florida's skunk ape... are they real? Let's explore to find out more about what's really out there... *(Ages 9-12)*

Docu-ZOO!: Lights, camera, action! Campers will learn how to capture animals on film as they work together to create their very own live action Docu-ZOO! *(Ages 9-12)*

Dr. Zoo Little: Who can talk to the animals, walk with the animals, help all the animals? Dr. Zoo Little, that's who! Learn about animal care at the Zoo, visit the medical center, and meet the Vets! *(Ages 6-8)*

Explore the Wild: From research to rescues, discover how scientists track animals around the world. Experience the thrill of helping wildlife in wild places as we learn how scientists are real life heroes! *(Ages 9-12)*

****Aerial Adventure Course Included**

Growing Up Wild: It's fun to discover how animals grow up in the wild! From tadpoles to rhinos, we will explore homes and habitats, moms and dads! *(Ages 5- 6)*

I Dig Bones!: Get down and dirty in the ZooLab paleontology dig site and examine fossils, skulls and biofacts. Sink your teeth into cool facts about prehistoric animals and develop your skull skills as a junior paleontologist. *(Ages 6-8)*

Ickyology: Enjoy the "yuk!" side of animal science from dissecting owl pellets to examining tiny creatures under the microscope to making yummy carnivorous treats for the cats. This is the gross-out class of all time! *(Ages 9-12)*

Jr. Ickyology: It's time to get the inside scoop on gross-out facts about animals! From gooeey to sticky and stinky, this is a fun and "yuk!" filled camp for kids! *(Ages 6-8)*

Jr. Zoo Keeper: Experience what it's like to be a Zoo Keeper going behind-the-scenes to work with the animals! Participants will conduct real animal behavior studies, work directly with Zoo Keepers, and create enrichments for the animals. *(Ages 9-12)*

Summer Camp Program Descriptions for Ages 5-17

Jungle to Jungle: The call has gone out...jungle to jungle. The animals are in danger and they need your help! It's time to jump into action as we work to save endangered species around the world. It's a walk on the wild side and the animals are depending on you! *(Ages 9-12)*

Paws on the Planet: Embark on an around-the-world adventure to explore the world of endangered species, disappearing habitats, and the brave exploration of scientists in the field. Discover what it takes to be a real life hero for the animals! *(Ages 6-8)*

Pirates of the ZOOribbean: We'll be setting sail for mysterious islands, exploring lost habitats and discovering amazing and unusual animals. Maps will be drawn, animals will be found, look sharp mates for who knows what treasures yet abound? *(Ages 6-8)*

Pouncing Paws: It's all about big paws and little paws as campers follow the tracks of otters, leopards, bears, and more, to discover how animals use their feet to pounce, play, and catch their prey. *(Ages 5-6)*

Radical Reptiles: They slither and slide, they dig, and they climb. Venture into the radical realm of reptiles to learn how cool these cold-blooded creatures really are! *(Ages 6-12)*

Swamp Stompin' Gone Wild: Discover where alligators live, prehistoric animals roamed, and where Native Americans walked. Experience the thrill of exploring the wet and wild side of Florida's wetlands. *(Ages 6-12)*

Turtle Power!: It's time to go exploring as we search for turtles both large and small. We'll discover where they live and how they grow. It's turtle power to the extreme as we track them to their habitats! *(Ages 5-6)*

Wild Artists: Go wild at the Zoo creating all kinds of animal artistry! Capture amazing wildlife through painting, drawing, sculpting, and multi media. *(Ages 9-12)*

Wildlife Warriors: From the four corners of the Earth, animals will unite to save the planet! Led by campers expertly trained as Wildlife Warriors, they will join together to battle against a mysterious enemy causing destruction to our Earth! *(Ages 6-8)*

Wild Wizarding Wonders: Venture into the magical world of wizardry in search of unicorns, dragons, owls, cats, and more! Hocus pocus and spells abound as we go in search of unusual wildlife and work our magic to help save the planet. *(Ages 6-12)*

ZOOfari Camp: Go wild with the animals in this fun adventure camp! Games galore, animals and more will be part of this exciting ZOOfari as we travel around the Zoo. *(Ages 5-6)*

Zoology in Action: Science on the move! Discover careers in zoology, participate in an ongoing field study, visit the Orianne Center for Indigo Conservation to meet their biologists, and go behind the scenes at the Zoo to meet some of the staff and see zoology in action! *(Ages 13-17) **Aerial Adventure Course Included*

ZOOper Heroes!: Spiderman, Batman and Squirrel Girl? From fact to fiction campers will investigate the world of super heroes that have special animal abilities and choose their own animal super power. *(Ages 6-8)*

ZOOper Zoo Keepers: Campers will learn how Keepers care for the animals. It's a big job, but there's fun ahead as they experience life at the Zoo. *(Ages 5-6)*

Summer Camp

General Information

Register Online!

For camp registration, please visit centralfloridazoo.org/summercamps. Camps should be selected by the age your child will be at the time they participate in summer camp. Confirmation materials will be provided after completing registration. For questions, call us at 407.323.4450 x 123 or email education@centralfloridazoo.org.

Essential Functions of a Camper

We want every camper's experience at camp to be positive and memorable. To provide that experience campers should be able to:

- Move independently from place to place; ability to stay with the group at all times
- Take care of their own personal needs
- Have effective interactions in our group based environment (ex. buddy systems, group projects, etc.)
- Abide by the Camp Manners Agreement

If you have any questions about the essential functions listed above please contact us at 407.323.4450 x 123. We would be happy to talk to you about your camper's specific needs.

Refund & Cancellation Policy

Camps may be rescheduled for a \$10.00 fee up to two times but no refunds will be processed for rescheduled camps. Refunds will only be issued on cancellation requests made two weeks prior to the start of your camp session. A \$45 processing fee is deducted from all refunds. There are no partial refunds for missed days of camp.

Camp Hours

Camp hours are 9:00am–4:00pm

Before care starts at 8:00 a.m. After care runs until 5:30 p.m. Before/After care is not included in the price of camp. Before care is \$30 per week. After care is \$30 per week. Please note that a late fee of \$1.00 per minute per camper applies after 5:30 p.m.

Age Level Breakdown

The Zoo's summer camps have been designed to provide our campers with a fun, safe and developmentally appropriate program. To promote teamwork and provide the best experience for all campers, please register children according to the age they will be while participating in summer camp. The Zoo reserves the right to move campers into camps appropriate for their age level.

Lunch & Snack Options

Each camper may bring their own lunch, or a Safari Lunch may be ordered. Lunch forms will be collected at check-in the first day of camp. Campers are welcome to bring their own lunch. Lunches brought from home do not have to be disposable. We will have snack time in the morning and afternoon, so please send two snacks with your child. We suggest that you label all lunch/snack items and water bottles so they can be returned quickly if misplaced.
