

# Zoo to You!

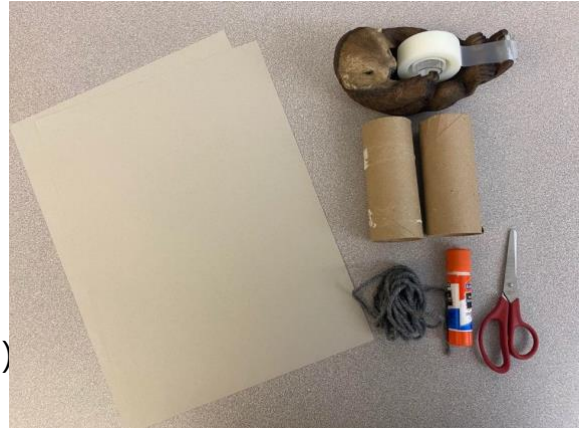

## Wild Crafts from the Central Florida Zoo & Botanical Gardens

---

### Rhino Ears

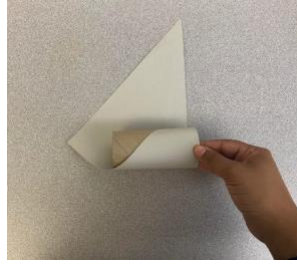

#### Supplies:

- Toilet paper rolls
- Construction paper
- Scissors
- Tape or glue
- Markers, crayons, or paint (optional)
- String (optional)

#### Instructions:

1. Cut a square out of your construction paper, then cut the square in half diagonally.
2. Decorate your construction paper with any design you would like.
3. Wrap the construction paper around the outside of your toilet paper roll and secure with tape or glue.
4. Cut small pieces of string and secure inside the ears with tape or glue.

5. Hold the rhino ears up to your ears and have someone start talking to you. See how far away you can go while still being able to hear what they are saying.
